

A.E. Finley YMCA

2010 Summer Worksheet

This is a worksheet designed to help parents plan for their children's summer camp needs. Because programs fill quickly, it is best to choose several options before coming to registration. The YMCA will provide an official registration form and provide a receipt at the time of registration.

Deposit required: **\$25 deposit** per child per camp is due upon registration. This deposit is deducted from the total program cost and is nonrefundable. If registering for camp less than two weeks before the session's payment due date, the full payment is required for the session at the time of registration.
