

## Registration Q&A

**\*\*Parents MUST register their student for Y&G. If the Conference product is not available the issue is most likely that the student has the wrong age associated with their account.**

How do I know which conference to register for?

- There are three conference options this this year, Legislative \$89 (February 12-14), Judicial \$89 (February 19-21) or delegates may register for both weekends\$133. IF delegates are applying for Media they will be expected to participate in both conference weekends but only pay the one weekend fee \$89. Media delegates should register for the legislative conference, once they be selected for the media program we will update their role back office.
- Delegates should know which conference to register for based on the role they are preparing for.
  - Legislative: Representative, Senator, Lobbyist (application required) , Budget Analyst (application required)
  - Judicial: Court of Appeals, Mock Trial (application required)
  - Media (application required) - will participate in both weekends but only pay for ONE conference fee.

I am planning on applying to participate as a role that is not listed on the registration page.

- Delegates will only have one option for a role when registering. All other roles not listed require an application. If a delegates is selected in the program area they apply for, we will update the delegates' role back office.
- Legislative (February 12-14) roles that require an application: Lobbyist, Budget Analyst
- Judicial (February 19-21) roles that require an application: Mock Trial

What if I am not selected for the program role they are applying for?

- Should a delegate not be selected for the program area they apply for they will remain in either legislative (house or senate) or judicial (court of appeals).
