Matching and Employee Giving Programs

Company Match

Many companies match their employee's donations to eligible charities, most often dollar for their dollar. As each company that matches has a different process, we encourage Y donors to check with their employer to see if they offer a matching gift benefit and if so, how to take advantage of it.

YOUR GIFT

Make your gift first.

YOUR COMPANY'S GIFT

Contact your company's HR or Payroll department.
Companies may require employees to make their gift through payroll deduction in order for it to be matched.
