

we all BELONG

ANNUAL CAMPAIGN

At the A.E. Finley YMCA, we know that everyone's experience is stronger when we open our doors wider.

Through your generous donation to the YMCA Annual Campaign, we can provide financial assistance to ensure programs and services are available to all, regardless of their ability to pay.

By fostering an inclusive environment where **we all belong**, the Y helps individuals and families grow stronger, healthier and more connected.

OUR CAMPAIGN GOAL

\$525,000

Our YMCA is focused on programs that fill four critical areas of community need. Funds raised from the Annual Campaign will be divided accordingly to support our neighbors.

- ▶ Improving Health Outcomes
- ▶ Supporting Education
- ▶ Developing Changemakers
- ▶ Strengthening Families

Please see the reverse for highlighted programs.

Proudly serving North Raleigh.

Your *gift* helps the Finley Y provide:

CAMP G.R.A.C.E. provides children with Pervasive Development Disorder or Autism Spectrum Disorder with two weeks of day camp that **supports education** by focusing on character building, social skill development, games, art, music, water play and sensory integration.

FINANCIAL ASSISTANCE funds scholarships for membership and programs like swim lessons, Track Out, teen activities and youth sports on a sliding scale to ensure the YMCA is accessible for all. When minds and bodies are stronger, it can **strengthen families and improve health outcomes**.

SUMMER DAY CAMP offers a fun and structured environment where children can develop social skills, learn new activities and gain independence while **strengthening families** with reliable child care and peace of mind during the summer months.

SWIM & WATER SAFETY LESSONS **improve health outcomes** by giving individuals life-saving water safety skills. As their comfort in the water grows, they gain confidence, fitness, reduced risk of drowning and a life-long appreciation of swimming.

Y EXCEL programs **support education** by providing year-round academic tutorial assistance for children identified by the school system as struggling to reach academic benchmarks.
